# EXTERIOR AUTO CARE – Exterior Vehicle Cleaning

## WASHING - CAR SHAMPOO & CONDITIONER

- Frequent washing of your vehicle is an essential. Washing removes grime and environmental contaminants. Over time dirt and grime that is not regularly cleaned from the vehicle can lead to dulling and fading of surfaces.
- Clean your car in the shade. Paintwork softens in the sun and is more prone to scratching.
- Hose the car down to remove loose dirt and deposits.
- Never use household detergents to clean the car, they strip away the protective outer wax layer.
- Bugs and stains require special attention. Never scratch them off, rather soak well and gently remove.
- Suitable for use on Wrapped and Frosted Finishes
- Non Abrasive, Suitable for all paint finishes, PH Balanced, Cleans, Conditions and Protects in one easy High Foam application

## WASHING - HIGH FOAM CAR SHAMPOO

- Frequent washing of your vehicle is an essential. Washing removes grime and environmental contaminants. Over time dirt and grime that is not regularly cleaned from the vehicle can lead to dulling and fading of surfaces.
- Clean your car in the shade. Paintwork softens in the sun and is more prone to scratching.
- Hose the car down to remove loose dirt and deposits.
- Never use household detergents to clean the car, they strip away the protective outer wax layer.
- Bugs and stains require special attention. Never scratch them off, rather soak well and gently remove.

# EXTERIOR AUTO CARE – Wax & Polish Accessories

## WAXING - CAR POLISH - MIRAPLATE LIQUID CAR POLISH

- Waxing is the single most important action needed to extend the life of your car's paintwork. Paintwork is constantly under attack from various environmental factors and needs protection.
- It is best to apply wax in a shaded area.
- Make sure the paint surface is clean. Use a specially formulated car shampoo that won't strip away the protective wax layer.
- Use a clean polish applicator or a Microfibre cloth that won't scratch the surface.
- Concentrate on one panel at a time. Use a small amount of wax. Over application can cause swirl marks and wax becomes difficult to remove.
- Use a Quick Wax to detail your vehicle in-between regular washing. Use as a quick touch up to restore that showroom shine instantly. Ideal for removing fingerprints smudges and dust.
- Not for use on dirty cars.

# ENGINE CARE – Engine Cleaners

## CARB CLEANER

PRODUCT CODE	PRODUCT DESCRIPTION	BARCODE	CASE SIZE
SH212	CARB CLEANER	6001878002299	6

- Cleans and removes sludge, dirt and carbon deposits from carburettors, chokes & PVC valves
- Contains no chlorinated solvents
- Safe for use on oxygen sensors & electronically controlled carburettors
- Ideal for cleaning sluggish chokes & dirty throttle linkages
- Ideal for use on lawn & garden equipment, tractors etc.
- The use of Carb Cleaner and a Mass Air Flow Sensor
- Carb Cleaner can be used but with the following warnings:

If you just spray the Carb Cleaner onto the air flow sensor and let it dry without touching it or wiping it down it can be used

Do not remove the Air Flow Sensor or clean it and then replace it because if you want to do that, please don't use Carb Cleaner as we can't be held responsible for the Air Flow Sensor if it has been touched, removed or wiped down

## BRAKE & PARTS CLEANER

PRODUCT CODE	PRODUCT DESCRIPTION	BARCODE	CASE SIZE
SH213	BRAKE & PARTS CLEANER	6001878002367	6

- Cleans away grease, dirt and oily residue from brake linings, drums, disk pads and cylinders
- Without disassembling the unit
- Fast evaporating, non- chlorinated formula
- Keeps mechanism free of contaminants which helps reduce wear on parts
- Extension tube allows cleaning in the hard to reach areas of the brake without dis assembling the unit

CAR CARE

# ENGINE CARE – Fuel Treatment

## FUEL SYSTEM CLEANER

PRODUCT CODE	PRODUCT DESCRIPTION	BARCODE	CASE SIZE
SH207	FUEL SYSTEM CLEANER	6001878002329	6

- Cleans, intake valves, fuel injectors, manifolds, ports and carburettors
- Protects the fuel system against premature wear and damage by reducing rust and corrosion
- Promotes smooth and efficient engine running
- Easier starting and cleans combustion chamber deposits
- For use in Petrol Engines only
- Treats 60 litres of fuel
- Add to petrol tank immediately prior to filling up
- To maintain efficient operation use every 2000km

## PETROL INJECTOR CLEANER

PRODUCT CODE	PRODUCT DESCRIPTION	BARCODE	CASE SIZE
SH208	PETROL INJECTOR CLEANER	6001878002305	6

- Cleans intake valves & fuel injectors by dissolving tough deposits
- Improves Cold Starting
- Optimises injection efficiency
- Corrosion protection for the entire fuel system
- For Leaded and Unleaded Petrol
- Treats 60 litres of fuel
- Add to petrol tank immediately prior to filling up
- Use every 5000km
- For best results replace the fuel filter at the same time
